PHIL 4200	Advanced Issues in History of Philosophy	
PHIL 4300	Advanced Issues in Value Theory	
PHIL 4500	Advanced Issues in Metaphysics and Knowledge	
PHIL 4900	Advanced Topics in Philosophy	

### Electives (15)

Fifteen units chosen from philosophy courses. Elective units may include philosophy courses taken to satisfy General Education requirements. No more than 6 elective units from philosophy courses numbered 1005 – 3099. In consultation with the chair, philosophy majors are encouraged to include philosophy courses from study abroad in their elective category. Students with philosophy as a double major may complete the elective requirements for the philosophy major by taking up to nine units in non-philosophy courses that are related to the philosophy major. These customized non-philosophy elective packages need to form a coherent plan of study within the philosophy major and should be constructed in consultation with a faculty advisor; the plan of the elective package then needs to be submitted to and approved by the department chair.

**Critical Thinking:** Majors need not satisfy the GE Critical Thinking Requirement with PHIL 2100; but students who fulfill the requirement with PHIL 2100 thereby satisfy the prerequisite for PHIL 3100.
