

Bachelor of Arts in Public Service

Pending Office of the Chancellor approval

The Bachelor of Science in Public Service is designed to prepare students for impactful careers in the various sectors dedicated to serving the public good. This interdisciplinary program integrates public administration, public and social policy, and organizational management to provide students with the knowledge and skills required to address complex social and community challenges. The curriculum emphasizes the relevant theories and practical applications of public service, teaching competencies in leadership, ethics, budgeting, human resources, policy analysis, community planning, and community engagement.
