Bachelor of Arts in History

Through historical inquiry, students will learn how to confront, contemplate, analyze, evaluate, and present their own assessments of the past. History majors at CSUSB don't just read and write about history, but engage with the past in creative, practical, and innovative ways. In addition to community engagement, and through diverse course offerings that span different periods and places, students will not only gain a new understanding of their local and global communities, they will also be well prepared for a multitude of career opportunities, including, but not limited to, education, government, law, public history, business, and media. Applying new and dynamic methods of history, our students learn vital skills that can be applied in the marketplace.

Students majoring in the Bachelor of Arts in History are also eligible to receive honors in history at graduation if the following conditions are met:

- 1. At least one-half of the course work required in the major is completed at this university;
- 2. Earned a grade point average of at least 3.5 in the major, including courses for the major taken elsewhere;
- Earned an overall undergraduate grade point average of 3.0 ("B") or better;
- 4. Successful completion of HIST 5970, resulting in a thesis paper.

Applications for honors candidacy must be made by the beginning of the senior year. Approval of candidacy and of the honors project and project advisor rests with the department. The project advisor and one other faculty reader from the department will have the responsibility for evaluation of the completed thesis paper.

Individual courses that must be approved by and scheduled separately, such as independent studies (Hist 5951, Hist 5953), internships (Hist 5750), and community based projects (Hist 3990), can only be repeated for a total of six units each. A one unit course can be repeated up to six times, a three unit course can be repeated twice.
