Master of Social Work

Also offered through the College of Extended and Global Education (3-Year Option only) (http://cel.csusb.edu/)

The School of Social Work offers courses leading to the Master of Social Work (MSW) degree and is designed to educate advanced generalist social work leaders with a program that equally emphasizes micro and macro practice. The micro practice sequence of courses prepares students to promote change and well-being with individuals, families and groups. The macro practice sequence of courses prepares students to promote change and well-being with organizations and communities with an integrated focus on policy practice. The program is based upon the requirements of the Council on Social Work Education, the national accrediting body for social work programs.

The MSW program is offered in three models: Model (1) offers four semesters of course work leading to the MSW degree within two academic years. This option is intended for students who can devote their time and attention to full-time, intensive study. Model (2) offers the same course work over three academic years. The MSW program includes 1080 hours (two or two and a half days) of supervised placement in an agency during the regular work week in the daytime over two academic years. Model (2) is too intensive for students who work 40 hours per week. It is necessary for these students to reduce their hours of employment. Model (3), an Advanced Standing option, is offered to students with a Bachelors degree in Social Work from a CSWE Accredited program within five years of starting this program. This program can be completed in three terms, starting with courses during the summer, then two additional semesters of course work. The Advanced Standing option includes 600 hours (two and a half days per week) of supervised placement in an agency during the regular work week in the daytime over one academic year.

Accreditation

The program has held full accreditation by the Commission on Accreditation of the Council on Social Work Education since February 1992. Questions regarding accreditation should be directed to the director of the School of Social Work.
