CSUSB follows the Integrated Postsecondary Education Data System’s (IPEDS) definition (https://nces.ed.gov/ipeds/use-the-data/distance-education-in-ipeds) of distance education. Distance education (DE) is education that uses one or more types of technology to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously. The following types of technology may be used for distance instruction:

- Internet;
- Satellite or wireless communication; and
- Audio and video conferencing
