

Minors

A minor is a formal aggregate of courses in a designated subject area **distinct from and outside of** the declared major. In other words, the minor is a pattern of courses similar to but less comprehensive than the major. The number of units required for a minor varies with each department - requirements are listed in each department's section of the catalog. Minors can only be granted for the same term in which the student graduates with an undergraduate degree. Minors will **not** be automatically dropped if the requirements have not been fulfilled by the term for which the student's graduation is posted. A minor is posted to the official transcript but does not appear on the diploma.

All minors require a 2.00 grade point average. A minimum of 12 units of the coursework required for the minor must be completed through regular enrollment at CSUSB. Some minors require a higher minimum - check with the department for requirements.

A minor must be declared on the Minor Request Form (<http://registrar.csusb.edu/misc/documents/MinorOct2014.pdf>), available in the Office of the Registrar. If the requested minor is in the same department as the major, the department chair's approval will be required on the form.
